

## Parts and Accessories

**For Aurora Scientific Model: 150A**

Model #	300C/305C
<b>Lever Arms and Footplates</b>	
300-FP	Mouse footplate for 300C dual mode lever system, utilized for <i>in-vivo</i> measurement of muscle mechanics
305-FP	Rat footplate for 305C dual mode lever system, utilized for <i>in-vivo</i> measurement of muscle mechanics
305-FP-L	Extended Rat footplate for 305C dual mode lever system, utilized for <i>in-vivo</i> measurement of muscle mechanics
305-FP-M	Mouse footplate for 305C dual mode lever system, utilized for <i>in-vivo</i> measurement of muscle mechanics
300-3B	3cm long lever arm for 300C or older 300B motors for <i>in-vitro</i> and <i>in-situ</i> measurement of muscle mechanics
300-3B-2	2cm long lever arm for 300C or older 300B motors for mechanical measurement of materials
300-4B	4cm long replacement lever arm for 305C or older 305B motors for <i>in-vitro</i> and <i>in-situ</i> measurement of muscle mechanics
300-4B-2	2cm long lever arm for 305C or older 305B motors for mechanical measurement of materials
300-CLA	Custom length replacement lever arm for our 300C series of motors for <i>in-vitro</i> and <i>in-situ</i> measurement of muscle mechanics
<b>Cables</b>	
300-CBL-3	3m replacement motor cable
300-CBL-FR	0.4m long cable to reverse force direction for 300C/305C motors
<b>Motors</b>	
6350	Replacement motor for our 300C dual-mode lever system (Lever arm sold separately)
6650-LR	Replacement motor for our 305C dual-mode lever system (Lever arm sold separately)
<b>Rack Mounting</b>	
831A	Heavy gauge, steel desktop or shelf-top rack, with standard 19" width for the dual-mode lever system control electronics

Model #	701C
<b>Cable</b>	
606A	150cm long BNC to BNC cable
801-CBL-EA	BNC to stimulation lead adapter cable, use to connect stimulator to 801C built-in electrodes
809-CBL-EA	Needle electrode adapter cable used to connect needle electrode to the stimulator
809-ELEC	Teflon coated needle electrode for stimulation of tissue

## Parts and Accessories

For Aurora Scientific Model: 150A

Model #	615A
<b>Computer</b>	
608C	22" LCD monitor
<b>Acquisition</b>	
610B	2 <sup>nd</sup> Copy of DMC software
610C	DMC software upgrade
<b>Analysis</b>	
611B	2 <sup>nd</sup> Copy of DMA software
611C	DMA software upgrade
612B	2 <sup>nd</sup> Copy of DMA-High Throughput software
612C	DMA-High Throughput software upgrade
